BIO

Stephanie is an associate in Peckar & Abramson's Construction & Infrastructure and Business Litigation practices. Based in the firm's Houston office, Stephanie focuses on construction litigation through her work on matters related to construction defects, breach of contract, business disputes, and labor and employment.

Stephanie is a native Houstonian with a unique understanding of the construction industry thanks to growing up on construction sites with her father, an independent general contractor. Stephanie has experienced first-hand the impact that diligent legal representation can have for construction companies. As a result, she is committed to building her practice with a results-oriented mindset every step of the way.

Stephanie earned her B.A. in Philosophy from University of St. Thomas and her J.D. from South Texas College of Law. During law school, Stephanie served as a Judicial Intern for the Honorable Judge Davis in the 270th Civil District Court of Harris County, Texas. Stephanie also worked as a law clerk at P&A during the entirety of her third year of law school, where she gained critical insight into construction law.
